McCann Funeral Group Limited also operates a licensed transfer service known as Aftercare Cremation & Burial Service in Oshawa, Ontario.

Douglas McCann
Managing Director, Aftercare Cremation & Burial Service – Toronto
President & Owner, McCann Funeral Group Limited

Aftercare was founded as a licenced funeral transfer service in 1995 by Douglas McCann after he saw the need for a more simplified, lower cost cremation service in Toronto. This stream-lined cremation service was offered from an office in the Eglinton and Mt. Pleasant area. In 2001 Aftercare became a full service licenced funeral establishment after purchasing and renovating a former bank building at 1097 O’Connor Drive in the St. Clair and O’Connor area. While able to offer a wider range of funeral services, the focus on cremation still remained. In 2007 to better serve client families in Durham Region Aftercare opened their first satellite office specializing in direct cremation. Client families often comment on the cost savings and how the whole process was made much easier.

Please feel free to contact us if you have any questions about our services or pricing.

THE ENVIRONMENT

We take the preservation of our environment very serious. We are constantly adding new products that offer our client families greener options and use eco-friendly products in our daily activities in order to lessen our environmental impact.
