

Edward Charles Ward

July 16, 2018

Edward Charles Ward, known to most as Ted, passed away peacefully on the morning of Monday July 16th. Ted had been facing surmounting cardiac health issues in his final years of life but always fought and bravely took on the tough road he knew was ahead, no matter how daunting. Ted is survived by his loving wife Angela and kids Matthew, Melissa and Cheryl.

Ted was multitalented and always had an inclination and passion for technical or mechanical projects - he loved anything that involved working with his hands. He often said he was happiest when camping up north in Algonquin Park where he'd enjoy reading a new book, taking a canoe trip with his kids or building the most impressive campfire in the park.

As a person, Ted's patience, perseverance and inability to give-up was evident throughout his entire life whether diagnosing and fixing an issue on a car, making time to spend with loved ones as everyone grew older and had their own busy schedules or in continuously re-adapting to life as his health changed.

Above all else, Ted always exuded unconditional love and pride for his family. Not long before he passed, Ted attended his youngest's, Melissa's, University graduation which was the final milestone to seeing each of his kids embark on promising and bright futures.

Ted imparted more fond memories and smiles than he knew; he is greatly missed and those memories and smiles will forever be cherished.

A Celebration of Life service will be held for Ted at a later date, most likely sometime over the next month or two (particulars are still being sorted out). If you are interested in attending, please contact Melissa Ward via Text or Call at (905) 995-8358.

“ Ted, you will be missed my friend. One of the toughest guys I have known. The fight you fought is an inspiration. A great friend, a proud loving father, an intelligent person and genuinely a good human being. I will miss our conversations that made so many nights working together fun. It was a privilege to have met you and an honor to have called you my friend. I take comfort in knowing that you are not in pain any more and in a peaceful place. We will meet again, keep an eye out for me. RIP Bud.
