“ I always felt a special connection with Jack - not just from how much I enjoyed his company but that he knew and worked at the utilities at the same time as my father - I know he was a great dad and great friend to many - he is dearly missed

“ We have the fondest memories of Uncle Jack. I will always remember our family swims at the house on Saratoga and his endless jokes and witty stories.

“ Hi family - it's sad to be writing about our loved one, but also a time to come together and share the good and funny memories. And mom has a good one...

Way back in the 40's, when my mom was just dating my dad, she had made a lemon pie one afternoon, and left it on the dining room table. The plan was that my dad would pop in after work, and the two of them would enjoy it. But uncle Jack had other plans. He stuck his finger in the centre of the pie, and when mom saw it, she was furious. So much so, that she threw a heavy wooden scrubbing brush across the room, aimed at Jack. Well, he ducked, and the brush smashed through the dining room window! Nana's response when she discovered the broken window? She asked him why he ducked!

Mom and Jack fought like cats and dogs when they were kids but as adults, Jack, Gord and mom became extremely close.

We're all going to miss uncle Jack. Larger than life, and someone who really enjoyed cookies.

“ A true legend and so proud of his Scots ancestry. Jack could fill a room with his presence alone. My thoughts are with Gord and the entire family.

“ My heartfelt condolences to the family.

I have fond memories of blue eyes when he came to visit. My husband Jim played the guitar and Jack would sing El Paso after he ran to his vehicle to get the lyric sheet and then sang with abandon. I picture them together again enjoying some tunes, and a cold beer after a round of golf.

Sending love to the family.

“ My favourite uncle. Great guy. Always had a smile on his face and quick with a joke. Loved his kids and grandkids. Good memories on the golf course and down in Boston at the marathon. Will miss you.

“ Good-bye big brother. A lifetime of memories for sure. Trips to Scotland, Boston, Myrtle Beach, Barbados and of course, many times to Florida. Great times all. Lots of euchre games and rounds of golf as well. This guy only lost his control when driving a golf ball or his vehicle. But we won't talk about them, except when the golf club went further than the ball. He was always there for you, I can't count the number of times Phyllis and I called to help out with some problem at our homes, and one way or another the problem got fixed. I could go on but will end now, with Robbie Burns famous quote, Here's to us, that are like us, damn few and they are all dead.....Gord....

“ Cathy, Glen and Jack, I am so sorry to hear of your dad's passing. I have so many memories of the years growing up in the neighbourhood and spending so much time in your house - where redheads never felt out of place! Your dad was larger than life.

“ Hi Terri. Thank you. So nice to hear from you. And I know what you mean, I felt right at home at your house too. Your mom would count the kids and there was usually one extra...me lol. Yes, Dad will be greatly missed. Thankful we had as many years as we did with him. Cathy

“ Cathy,
My deepest condolences to you Glen, Jack and extended family.
I met your dad a few times over the years, interesting man and many stories he had to share. He definitely cherished his family, attended and participated in all the family events you had. He deeply loved and cared for his grandchildren Michelle, Christine and Ryan. I'm glad you had all of his 88 years to enjoy what a full life he had.
Memories last forever he will live in your hearts forever with beautiful lasting memories.
Peace and love to you all during this difficult time and transition period.
