Johnathan Matthew Leger

May 5, 1976 - May 30, 2019

Johnathan was born in Halifax and lived most of his life in Montreal before moving to Toronto in 2015, where he passed away in his home. He is survived by his Mum Ruth (predeceased by his father Joseph), mother Roberta, brothers Phillip (Iwona); Scott (Lucy) and twin brother Joel (Dina). His nieces and nephews, Victoria, Keston, Kevin, Liam and Lillian will miss their Uncle Johnny very much.

John had a big heart. He was caring, generous and devoted. He was a computer wiz, tech geek, comic fanatic, hockey enthusiast and fast food junkie. He loved to chat, debate and play video games. Johnathan was a loyal friend and leaves behind Jaime, Nora, Doug, among others.

A celebration of life will be held upstairs at Miss Italia for family and close friends (1380 Victoria Ave, Greenfield Park, Quebec) on Friday, August 9, from 1:00-5:00PM.

Johnathan was an animal lover and cat owner his entire life. In lieu of flowers, donations can be made to the SPCA of your choice.

“ When we found each other, you said it was like finding the Holy Grail. That I was your Faith from Buffy. The mystery Barnaby sister that appeared out of know where. We immediately clicked like we were besties from birth. We totally got each others quicks , failings & sarcasm. You were my rock through so many hard times, I missed you so much since your move. Now I miss you so much more. You're who I would go to for comfort through this.

“ Having John here in Toronto, made living here a little more enjoyable. It was great to be able to get together and speak about the growing up on the south shore, being a habs fan, gripe about our experiences here in Toronto (and admit under our breaths the benefits of living there). I will miss John and I will miss his friendship,

“No, this is not the end
Lift up your head
Somewhere with me again
Or until the moments be shared
Those are the treasures that won't disappear
Goodbye friend”

My deepest condolences

“ Jon, it's been a long time...

I wish I could have seen you once more, before you departed... I regret not being able to tell you what you've meant to me personally, and the effect you had on my life, and my family...

I recall many times in my past, during the rough and tumble years where you made me feel confident about who I was... It was the mid-90s and I was coming of age; desperately wanting to be cool, acne strewn across my face, not wanting to talk to anyone-you embraced me, and helped me come out of my shell. I loved those times we spent together, chatting about girls, punk rock, skateboarding, and of course NIN-nine inch nails, :))

You helped set me on a path of self-determination and a much higher self-worth.

-You never made me 'Hurt' Jon...

-Quite the opposite, :))

I'll never forget the good times we shared, in Halifax, Montreal, and New York City (where you and Joel snuck me into Rodney Dangerfield's Comedy Club, :) I'll never forget the bad times either such as after Joe's passing in 2006.

I'm extremely grateful for the times we spent together and all I've learned from you over the years.

N&Gs Forever!!!

I love you-always have, always will...

Heartbroken, but you'll be in my thoughts, always...

See you on the horizon, at the end of time

-Johnny

“ I met Johnathan for the first time at the family house on Putney. We stayed up very late talking about 90's bands and the latest trends in music. Over the years my sons became involved in music and Johnathan was always very interested in their progress.

Johnny would be the first to receive their latest recording or video so they made him their number one fan and sent him a t-shirt.

I will sorely miss critiquing those singles with Johnny and sharing his feedback and encouragement with the boys.

“ I've known Johnny for, I think, about 14 years. He was such an amazing friend and helped me through one of the worst moments of my life. When my aunt was murdered and I was on the verge of a nervous breakdown, he convinced me to play this silly game, City of Villains, with him. He said it had helped him when his dad passed. We played that game together for years. I remember him giggling like a kid the day I showed him my mini version of one of his characters. We had so much fun, gaming, talking comics, talking about so many things, riding rollercoasters together when he came down to Florida.

I will miss you, my sweet friend. I remade my mini version of Froggy Bootknocker and will play her in your honor so you will live on in the city that brought us both healing.

“ I'm so sorry to hear this news. John reached out to me 2 months ago, reminiscing about our childhood. We shared fond memories of Sanford street. He pointed out that family came first, and told me he always had my back if I needed him. I was touched he was so loyal after so many years of not being in contact. My heart goes out to those that were close to him in the adult years, especially his family. He loved you dearly. Big hugs.

“ I have so many fond memories of John. Trick or Treating in Lambert. Parties at my house, St-Lambert pool hall. We'd lost touch but I'll always remember those years as some of the best in my life. RIP.

“Joel, I am so sorry. I just heard about this. I've been trying to reach him with no success since the passing of Bubbles. I just seen now a post on his FB wall from September. My heart immediately broke. I may not of loved him as long, but my love for him was strong. The world lost another legend. I can't imagine your pain. My sincere condolences.
