

Luke Xavier Ketchum

July 10, 2021

Our sweet, beautiful, funny Luke left us suddenly and accidentally on the early morning of July 10th. Luke was our first baby and made us a family and everything we are today. We are shattered and lost without him. He was close to his brother and sister, Logan and London, loving to tease them mercilessly. He was an extremely bright boy with a love of math and a quirky sense of humour. He loved and revelled in the absurd. He had just finished Grade 11 with Honours in the MaST program at Danforth Collegiate and was looking forward to next year and the opportunity to be in class with his friends. He was a hard worker who kept trying even after most of us would have quit. He was kind and loved his dog, his “Big Boy”, Doug. He looked forward to visiting his grandparents and spent a great deal of time hanging out with his mom. He loved sports, both playing and watching with his dad, and keeping detailed statistical charts. He loved and missed his friends during these cruel lockdowns. His mom and dad, Darcy and Damion, are adrift without him. We love you with all our hearts, our beautiful baby boy.

“ My sincerest condolences to the Ketchum family. I remember Luke coming over a few times to hang out with Ali and he was such a polite and personable boy. Such a tragic loss. May he rest in peace.

“ Luke and I haven't been close for years, but we were great friends years ago in elementary school, with many of my fondest memories of those days having him there. Rest easy, old friend.

“ Luke, his parents and siblings used to come to visit us in New Jersey during spring break. My son Alex, now 15, loved to learn new gaming tips and tricks from Luke and his dad. We made a lot of fun memories with Luke, visiting NYC dinosaur bones, Philadelphia museum exhibits, walking the construction beam exhibit and viewing the Statue Liberty from the parks. We will cherish these memories captured in photos forever. Our hearts will always remember Luke.

“ I'll always remember all the times I spent with Luke and his family at Disney World where I was able to pass them in with my passes, as well as talking sports with him.
