“ Mike was a longtime friend to me and my late husband Jim...we all worked for Bell and we originated in Montreal so always had lots to talk about on the golf course. We used to tease Mike about being "frugal" but in fact he was very generous and had lots of friends. I was lucky to be part of the golf foursome including Mike, Jim and Don Singleton. In fact over the past 35 years it's how I really learned to golf.....had to keep up with the boys. They helped me out a lot to the point that at the conclusion of one of the last games we played together (which Jim and I won against Mike & Don)Mike suggested I should take a urine test. That was Mike!!!! He will be missed.

“ Condolences to the Family from the Scharien's. Mike and my dad John were coworkers and good buddies for years working at Bell Canada Wynford Drive. I remember Mike as well when I also worked at Bell starting in 1985. My fondest memory of Mike was when he asked me to find him a cheap car to drive in the winter, as I was always into cars. I found him a big green boat of a 1977 Pontiac Lemans 2 door coupe, which I thought was pretty cool and I know he really enjoyed it as well. He was a very cool guy and like my father always said, had a great quirky sense of humor, as is evident in his Obituary. Bob Scharien
