

Milan Milojevic

November 9, 2020

Milan Milojevic, the son of Bob and Edith Milojevic, entered fully into the presence of his Lord and Savior and returned to his heavenly home on November 9, 2020 at 1:30am. He passed in his parent's home, with his brother Christian Milojevic and his soon-be-be sister-in-law Katryna Cooper by his side.

Milan was born in Mississauga, Ontario on September 28, 1983 at Trillium Health Partners - Mississauga Hospital. Milan was smart, hilarious, a gentleman, and a happy-go-lucky guy. He was so kind with the most gentle soul, but he didn't let people push him around and he always stood up for "the little guy." He was humble, generous, and truly selfless. He was an angel on earth and left as a true soldier, fighting until the end.

Milan loved to read and was a huge history buff. He enjoyed history lectures and comics, like Star Trek, Dr. Who and Anime. He loved to travel and in 2005 he went to the Netherlands during the 65th year celebration of the Liberation from Nazi, Germany. The highlight of that trip is when he was pinned by a veteran in one of the concentration camps. He was also a sports fan. He enjoyed hockey and rooted for the Canucks and the Leafs. He also loved watching the Blue Jays baseball team and the Raptors basketball team. He really enjoyed playing video games, and would get lost in ones like Stellaris, World of War Craft, Final Fantasy, Call of Duty, and many more. Milan was also a big music fan. He loved art and he loved superhero and action movies too.

In lieu of flowers, we are accepting donations on the GoFundMe website with a mission to help bring awareness to the high cancer risk of those living with spina bifida and help fund the spina bifida ward of the BC Children's Hospital, to better prevent neurogenic bladders.

“ Milan. Its been almost three months and the pain i feel is still as real as the first day. What I'll miss the most big brother is sitting outside the with you on the front porch on a hot summers night while having a few drinks and maybe a few puffs. God I miss you so much. You were my role model Milan now I have to be my own role model. I have to try to learn from your example. I'm glad that I got to know you Milan I really have no regrets with you and I. I hope, I sincerely hope you have found your peace in the nest life. Rest easy good friend, love you.

“ There are so many conversations I would love to have with you Milan, but it's too late. I didn't want to force a relationship, I wanted to ease into a relationship with you with authenticity, in a way where we were both comfortable enough to. I wanted a genuine and meaningful relationship with you. I loved you more than you knew. I hope you knew. I hope my brother is holding your hand and showing you around, giving you the best spots behind heavens gate. I will miss you forever.

“ I miss Milan every day. I cherished our friendship, and I don't think that I'll ever experience another one like it. Milan was special. He was an extremely loving and thoughtful person. I know everyone that knew him feels this loss so deeply.. and I just wanted to share a few photos I have of him.

“ I remember all those times I had Milan with me in the car and I would have to say that I had a captured audience and we would have many, many conversations. One thing for sure he was very quick witted.

“ You were a great friend and you will be missed very much. I'll always remember the good times at work, and the many hours we spent playing video games and D&D together. I hope you have the peace that you deserve

“ Dear Milan. There are not enough words I could use to describe what you meant to me. Your kind spirit, gentle heart and happy go nature. You had a life full of challenges but you never let that stop you from living your life and you did it on your terms. I'm proud of the man you became and most of all I'm proud that I was able to be your mother.

The end was tough but you are now peaceful and pain free in the arm of Jesus. I promise you that we will do what we can to help others so they don't have to suffer like you did

I love you to the moon and back. Love your mom

PS I'm staying strong!

“ Milan,
Due to family circumstances, Loes and I only got to know you when you were grown up.

And of course we have not really experienced the physical problems that you have struggled with, all your lifetime.

History was your great passion, we noticed that when you stayed with us in the Netherlands for a few days and we also noticed that you loved Dutch beer !

Now you are done with this life and relieved of the pain

Goodbye dear Milan, we honor the memory of you.

Love from Loes and Peter Poelhekken

Peter Poelhekken - November 12, 2020 at 08:00 AM
