“ My sincere condolences go out to the family & friends of Albert Billion. I remember Albert. He was the husband of a co-worker of mine. Mary Ann & I both worked for Sears Canada. I recall seeing Albert walk through the store many times & I would notice how he would be looking at me. Then one day I was chatting with Mary Ann when Albert approached & I was introduced to him. They soon told me I looked like one of their daughters. He pulled a picture of his daughter out of his wallet & lo & behold, I was in awe. I never had a sister so when I saw this photo of someone who looked very much like myself I was overwhelmed. It was then when I understood why I would catch him looking at me. I wish I had of met his daughter. But I am happy to have met him. Mary Ann & Albert were a lovely couple. R.I.P.
