“ *Memory? I have many. Al gave me the nickname "brat" all in good humor. Al was very special to me, always kind, loving and understanding. We shared a lot of laughter and frustration getting to know our Apple Mac's. I will miss you forever. RIP Dad.*

“ *My best memories are how much we laughed when we were together. I enjoyed going for dinner with Grandpa Al and Omi and having a great time talking and telling stories.*

“ *My fondest memory of Al was the look on his face when he saw the kids and how happy he was being with them. The fact that he showed them so much love when he was with them was a such a blessing to see. He was warm & caring; we lost a great man.*  
*Love Always, John-Michael*

“ *I remember when we were at our old house and had a party and Grandpa Al and Omi were dancing. Another time when we went to visit he gave us a fishing game. He was always so nice and loving to me and my sister.*  
*Love Dae'ja*

“ My memory of AI was *EVERYTIME* he saw our kids his smile would light up a room. He treated our girls like his own and loved hearing their funny stories. He got alot of joy out of being around kids and you could tell by the way he was so interested in everything they did and said. Thank you AI for showing them so much love and touching all our lives. It was a pleasure knowing you AI. Please continue to keep watch over our Oma ❤️
