

## Ania Holub

May 17, 2019

It is with great sadness that we announce the passing of Ania Holub who left this world early yet peacefully surrounded by friends and family. Her passion for art, travel, animals and all things nature guided her throughout her life. She spent time as a Chemist in the pharmaceutical sector as well as a school teacher in the village of Aupaluk in northern Quebec. Her travels included Scotland (which held a special spot in her heart), Greece, Brazil among many others. She will be greatly missed by her friends and family who wish her well on this final peaceful journey.

Those who wish, may make a memorial donation in memory of Ania to the Toronto Humane Society.

“ *Ania's effervescent personality and good humour touched the lives of many people at Torcan, and she is fondly remembered by everyone who knew her. Ania was many things to many people, a colleague, a close friend, someone to share a laugh with. Above all, she was someone who knew how to have a good time. We will forever remember those good times.*
