“ I am so sad that you are gone, my heart is heavy knowing that I'll never hear your voice again. We spoke daily yet you didn't want me to worry. The love we shared was special definitely from God, it's been 40 years. We laughed we cried we prayed together, but most of all we encouraged each other. You are my strength in days when I really didn't know where to turn, you made sure I kept my eyes on the Lord. The day you told me that you loved me made me the happiest ever. I'm going to miss our talks at bluffers park, our names are still carved on that bench. I know you are looking out for me and still being my protector in heaven. I also know that you got the answer to all the questions we wanted to ask God. You are one of the best things that ever happened to me. I will forever hold you in my heart and I thank God for blessing me with you in my life. I thank him for lending me you, I wish it could of been longer but he needed you, your job here on earth was done. I love you allways and forever
