

## Anthony Vojacek

March 17, 2023

Sadly, Anthony Vojacek has left us. He was a cameraman, a sailor, a wanderer, an all-round gentleman - and life partner to Anita Kern and good friend to Anita's son Paul. He will also be missed by his family in Czechia, his old boating friend Werner Steger, and indeed, all who knew him

“ *Recalling stories recounted by Tony:*

*when he was young, he had a jeep that was surplus after the war and he would work on it by tipping it over on its side.*

*visiting Cuba for his work as a cameraman.*

*after leaving CZ, while he worked on an ocean freighter, he broke his arm. But the ship did not have any pain killers, so they got him drunk until they reached Corner Brook, Newfoundland, where they took him to the hospital.*
