“ I can remember when Art moved on our street so many years ago, He was talking to the Reed family and Heather and I went over to check him out! we bummed a smoke from him, and the rest is history! Heather and Art married, then came the kids! then grandchildren! now great grandchildren! Arthur was blessed to have the love and support of his family and will always be remembered fondly by those of who knew him!

“ I will always remember the times my dad, Art, and I would go out for them to get a cup of coffee. They always swore they’d only be 20 minutes talking outside the car and 2 hours would easily pass by every time. I will also always remember the times he’d show me his cool Lego projects down in the garage. Art and grandma Dot loved their legos. I know he’s having endless conversations and building legos with my dad and grandma Dot. My three angels ❤️🙏

“ *I will always remember our walks down to greenwood park. We would meet up with my cousin Rick and head over to watch the men's softball league play. I will miss those times, Rick, and my dad very deeply. Thank you dad, for everything you've taught me to be as a man. Rest well, dad.*
