“ Barry I enjoyed getting to know you and becoming friends when you came to Sioux City in 1973. A lot of great hockey memories with the Musketeers and then the Metros. My prayers and sympathies to you Cathy and your family.

“ Our heartfelt sympathy goes out to Cathy and all the Head family. We spent a wonderful day here in Marmora with Barry, Cathy and Liam which we remember well. Even had a great boat ride. Barry was very interested in ancestry and was anxious to have some of the Caverly/Clark ancestry put on the Head family tree so that Amanda could trace her roots too! He helped me so much and kept in touch through the Internet . He will be greatly missed not only by us but everyone who knew him. RIP Barry.

My brother. A lifetime spent together. I love you, and will always be here to support your family. You will always be in my thoughts.
