

Mrs. Bernice Emily Campbell

September 20, 2011

November 1915 – September 2011

With a great sense of loss, the Campbell family announces the passing of Bernice Emily Campbell on Monday September 20th, 2011. After a long and challenging illness, Bernice passed peacefully with her family at her bedside. Bernice will be forever missed by her husband of 71 years Leslie, their children Lynne (Roger), Wayne (Catherine) and Glen and their grandchildren, Alicia, Christopher, Sarah and Alex. Her strength of character. Her determination. Her deep sense of humour. Her love for her family and friends. She was always willing to help. She gave graciously and cheerfully to anyone who was troubled. She was "Bernice". We would like to thank the staff of Guildwood Extendicare, especially Cristina, June, Kathleen, Blossom and Marjorie for all their support. Family and friends will celebrate this wonderful woman's life following the interment of her ashes at Resthaven Cemetery in November. Details to be announced.

“ Growing up on Chine Drive was made more special by the always laughing and interested Mrs. Campbell. Whether it was her babysitting me when my mom was in need or chatting on the street as I got older, she was always a welcome sight. She made me feel special as a little girl with lots of questions about my young life and having individual boxes of sunmaid raisins on hand when I came to visit. She made me feel important when I was older, chatting about my school and my running and sharing some of her athletic history with me. Although I made my fair share of mistakes, Mrs. Campbell always chose laughter and humour to put things in perspective. She was a friend to me and she will be remembered fondly.
My deepest condolences,

Jennifer Belford (Longo)

“ We are truly sorry to hear of the passing of Mrs. Campbell. Among other thoughts, my wife Allison has an enduring memory of Mrs. Campbell. Allison had just arrived at the top of the Chine Drive path from a walk along the Bluffs. An anguished Mrs. Campbell was standing alone at the end of her driveway. It was the morning of 9/11. The event had so affected her that she was compelled to leave her house and to gather her thoughts. Allison recalled that Mrs. Campbell's sole concern was that much suffering would follow on the heels of this event. She was indeed a gracious, caring and compassionate lady. Our heartfelt condolences are extended to Mr. Campbell, Lynne, Wayne and Glen and the entire family.
