“ It is truly sad that our family has come to know about the passing of our Aunt Betty, six months after her passing and by chance only, after searching through the After Care Obituaries.
Although saddened by this news, we share in the thought that Goodbyes are only for those who love with their eyes... because for those who love with heart and soul, there is no separation.
Unfortunately, Hurt people, hurt people. Thats how negative patterns get passed on, generation after generation. I choose to break that chain. I continue to teach my children, by example, to meet anger with sympathy, contempt with compassion and cruelty with kindness.
Inhale the future, exhale the past.
Live Well, Love Much and Laugh Often.
My family will live in happiness not bitterness.
