“ Geraldine,
My deepest condolences to you and your family, I was one of the four Health & Safety Reps that covered Sask.& Alta. and worked in the same job position as Billie for almost 15 years. I can remember some of our meetings where we lined up a round of golf after our days sitting in meetings together in Calgary. I know Billie loved his golf and it was definitely a great passion of his, all of the golf matches we had were very entertaining and a tremendous amount of fun. I always will remember him for his kindness, laughter and support. He will be greatly missed.

“ I was 6 when I first met Billie and he was 9 I think, a vast gap in ages, but it did not matter, we became friends that day and still remained friends until his passing.

Growing up in Cape Breton I had a small core of close friends and Billie was one of them.

I cannot count the number of times he slept on our couch in the basement rumpus room. Even times when I was not hanging out with him that evening, I would wake up in the morning, go to the rumpus room and Billie would be sound asleep on the couch. He had numerous Christmas and New Year's Day dinners with us; he was considered part of the family. I remember him winning the 'Dancing Darts' contest at the Simpson cottage near Petit Etang Beach, I remember him staying in the ocean for hours and hours, I remember that he loved to talk and at times we would have to tell him to shut up (what I wouldn't give to hear him again), I remember that he loved to laugh and he loved life.

I am glad that Billie was my friend, I will miss him.

“ So sorry about Billie's passing. I first met Billie in 1992. We went on a golf trip to Myrtle Beach that year and since we roomed together we drove down together in my car which was a standard. I didn't know that Billie couldn't drive stick so I ended up driving the entire way. It took 20 hours to get there through the snow and the mountains and the misdirection's from Bill. It was no fun. . But thinking back now I wouldn't have missed it for the world. We've gone on many golf trips together since then and I will miss him dearly.

“ It is with a heavy heart that I share my memory with you. I remember when I played catch with you Billy at your parents place in Cheticamp when we visited from Ontario. You also shared some stories with us when we visited you in Toronto.
We didn't see each other often but when we did we made it count.
You will be missed by a lot of loved ones who will remember you for our entire lives.
RIP Bill and may God spare our family from any further pain.

“ Hello Geraldine

My sympathies to you and your family on the death of your brother. I understand you were very close. You use to tell me of stories when I would drive you home sometimes to your townhouse. I can feel your sorrow as you know I lost my twin brother , Robert, 11 years ago already and my mother as recently as November last year.

They are always with us in our hearts and memories. Be strong. I am thinking of you during this difficult time.

If there is anything you need or want to talk

*hugs
