

Bradley Wyndham

January 8, 2025

It is with great sadness that we share the passing of Brad Wyndham after a short battle with cancer on January 8, 2025. Brad was a loving father, a devoted husband, a cherished brother and a loyal friend. He will be missed by many. He found his happy place at his cottage in Gravenhurst but sadly did not live long enough to achieve his dream of living there full time. His best days were spent in the company of his family and close friends, or coming up with a unique solution to any problem he encountered.

Brad was one of the smartest people, who excelled at everything he put his mind to. He started his professional career as an accountant, obtained his law degree, and made a huge impact on all who employed and reported to him. In the latter part of his career he started a business which he ran successfully until he got sick.

Brad leaves his wife, Brandé, his children Aidan, Jordan, Hunter and Devlin, his sister, Jo-Anne (Jeff), his nephew, Jason (Kim), his niece, Sami, countless friends, and his loyal and faithful companion, Otis. All will miss him terribly. He was the son of the late Melvyn and the late Sylvia Wyndham, and the son-in-law of John and Susan Schothuis.

Please honour Brad's memory with a donation to Markham Stouffville Hospital Palliative Care Unit (<https://support.mshf.on.ca/bradwyndham>). Brad's family

especially thanks all the doctors and nurses who provided his care with compassion and tenderness over these past months.

“ I met Brad over 30 years ago while playing football. We instantly hit it off as there were many things we shared in common. We both had a love for snow skiing, but more particularly water skiing. Brad truly was one of the smartest people I have ever known, and on a wide variety of topics. He was always the first person I would call on just about every trial or tribulation that came my way. And he was always right!

Our relationship spanned our later single years, our marriages, and building our families. Brad and Brande moved to Markham where we lived, and our families spent a lot of time together while the kids were young. Later on, we did not see each other often as happens with life's twists and turns.

I will always cherish the memories I have of Brad as he was a towering influence in my life.

Rest in peace old friend

“ *Anyone who knew Brad knew that he was brilliant.*

A person like Brad only comes around once in a lifetime.

Brad's mind was extraordinary, no one could keep up with him, not even the biggest law firms that we were up against, this man's mind was on another level. He was a genius, genius is an understatement.

Brad had a very big impact on our lives. We will never forget that he helped us in our time of need. He was a very kind man with a heart of gold. I have so much respect for Brad and I will always admire how brilliant he was.

Our hearts go out to the Wyndham family. The Aiello family will always be here for you.

We are forever grateful for all that Brad has done for us.

“ Brad was my lawyer, accountant, advisor and most of all my dear friend.

I have known Brad for almost ten years. Brad played a significant role in winning my very complicated litigation and he guided my son and I on many fronts. He was always a phone call away. Brad had the solution to any problem. He was very kind-hearted and cared a lot about his clients. It was a privilege to have known Brad, we will miss him and we will never forget all that he has done for us.

My condolences to Brande, Aidan, Jordan, Hunter, Devlin and family.

“ Dear Brandé and loving children,

I met Brad many years ago through tutoring sweet Devlin in their home. Such a strong, smart, intuitive and caring man.

We continued to develop a relationship and friendship through business and would talk for hours over life, kids and parenting skills.

You will be greatly missed Mon Cher Brad ❤️

RIP

FR

Brad, I'm so very, very sorry that you are no longer with us. You were above average everything and much admired and respected for your accounting and taxation knowledge and expertise. You had a solution to every problem no matter how complicated. I learned from you during our years at Tanlon (Reemark) in the context of extrapolation! I am certain that all your employers and clients benefited immensely from your accounting and taxation abilities, and in your latter profession as a lawyer. When we chatted a few years ago, I never thought that it would be the last.

Brande, my heartfelt and deepest condolences to you and your family. May Brad's many, many attributes and memories be a source of strength, courage, comfort and a blessing to you and your children in the coming days and years.

“ Dear Brande,
I only got to meet Brad once - sitting across the Thanksgiving dinner table at your parent's home in '23. I eventually joined in on the lively conversation he & your Dad were having. It was a pleasure to meet him and your children
My heartfelt condolences on the loss of your husband and father of your children.
God bless everyone at this sorrowful time.

“ Brad, we met each other about five years ago. Although we never actually met in person, we had many great conversations. What started off as a lawyer/client relationship developed into discussions that would last an hour, speaking about various unrelated topics. Despite never meeting, we shared an excellent understanding of each other and even became business partners. You were very instrumental in my life, not just as a lawyer, but as an advisor, mentor, and friend, always providing encouragement and support. I want to thank you from the bottom of my heart for our time together. You will be deeply missed. My thoughts and prayers are with you and the family. Till we meet again.

“ *It is sad that your light will no longer burn brightly. Now you can finally rest my friend. I remember when you and then-girlfriend Brandi came to our wedding 25 years ago. You helped mentor me when we first met at Norpak and continued to help me even beyond those days. You were an amazing person whose help and contribution and support will be greatly missed!! Rest in peace Brad.* ”

“*Brad. I’ve tossed and turned all night. I can’t believe he’s gone. A wonderful, sharing, giving and unbelievably generous man who was rock solid in my world. Always there for me in the most trying of times. Always making those around him feeling positive, and as said in his obituary-finding solutions to every problem. Brad hosted my husband’s 40th birthday in his backyard on Lynwood. We spent many Christmas mornings at he and Brande’s home and with all the kids in Markham. Boxing Day, too! Crazy with everyone! I don’t know how they did it! Brande was the love of his life. He knew within seconds that she was the one for him. A beautiful love story. And four great kids came into the world from that love. I wish the family my deepest condolences and offer any assistance that they might need in this very sad time. And to Brad, I wish peace and happiness wherever he might be.*

Michele (Mima).
