“*Brian shared a most wonderful and a very special memory with all of his friends at a high school reunion a few years back... a story that had us enthralled, amazed, and laughing along with him... he connected ALL of us together at that moment. Brian had the ability to do that, and it was all from the heart...he brought energy, laughter and big smiles to everyone that evening. I subsequently shared a lunch with him at what he said was his favourite place (Sonny's) and a dinner at my home, and I realized Brian had a heart as big as a heart could and should be. My thoughts are with everyone who loved him. I did not realize that his world had turned in a different direction and that his magical moments were lost to him. I wish I knew more, wish I could have been there to remind him that he had something very special as a friend and as a human being. Brian reminded me that friendship is precious, and not to be taken for granted or forgotten. The news of his passing was a shock, and so so sad. I hope we all have an opportunity to get together, to tell Brian he will never be forgotten.*”
