

Mr. Brock McLean Stewart

August 14, 2013

OC, APR. (Hons. Diploma, Public Relations, 1972; Public Affairs Manager - Toronto, Air Canada 1973-93. Manager, Public Relations, Roots Air, 2001). Brock plussed out on his last flight on August 14, 2013. Perhaps Y was full and he left us sipping champagne in J. Brock McLean Stewart, only child of Sefton Bruce Stewart and Joan Helen Stewart Wolff, whose sacrifice, example and quiet support led to his success in life. Former husband of Eileen Forrow. Stepson of Shirley Stewart. Survived by family in Ottawa and throughout the world. Brock was a life member of the Old Canterburian Club. Cremation has occurred. Brock's ashes will be scattered in Ottawa and Richmond, ON., on the Moat playing fields of Kent College, Canterbury, England where the Brits. taught him to play rugby (right lock) and field hockey (right back) and at Hindleap West in Forest Row, East Sussex where he enjoyed so many long week-ends with the Arding family. It is Brock's wish to be remembered as a very ordinary boy from Ottawa who had an opportunity to live an extraordinary life. In his memory, get together with an old friend because without friends, we have nothing in life.

“ To Stewart's family & to his CBC family. I had the privilege of attending one of Stewart's Christmas performances in Ottawa with my sister. We were enthralled with everything. His "ordinary persona" made him an extraordinary man, story-teller and exceptional Canadian. We have all lost a bit of ourselves in his passing. Rest in peace. Lynn Williams, Ottawa

“ Brock....yesterday I did the ICE BUCKET CHALLENGE and did it for your Memory and all that you went through. Know that I love you Cousin and that I will do what I can to help raise money for ALS. It's been over a year now since you've left this earth and there is still a sadness in my heart. However, I have wonderful memories and I will cherish them always! Hugs xoxo

“ Happy birthday dear Brocko. Cant believe it us your birthday today and you are not there. We miss you terribly.

We have such wonderful memories, my very first one (having only met you a couple of times) is on Steve & mine wedding day when due to work commitments you were unable to make it, but that didn't stop you being involved. You managed to telephone us at the venue during the reception which at that time (in the 80's) was not easy to do. I knew then you were a very very special friend to which you always were.

We feel very privileged to have known you our very dear friend - rest in peace.

Fondest love.

“*Brocko, my dear old mate - so many parties together in so many countries , it makes the memories so good to re visit. It has been a very special friendship and one I can share with the whole family as I know we all think the same. Right from that first scum down at Kent College as we clung to each other in the mud, was a wonderful relationship that never wavered over the many years that followed.*

I knew the same was true with Karry when she insisted you joined us on our honeymoon but then you only ever travelled first class in those days.

Would love to think that you and our beloved B are holding up the bar somewhere, both supping a pint of Harveys and I promise when they let me in too, the first round is on me.

Bless you me old China, we are all going to miss that witty presence, that middle of the pond sense of humour that made us all laugh so much. You were right though, no ways would I ever get you to walk in the woods with us. Damn.

Fondest love , Karry and Gerald Arding

“ I had the good fortune of being part of Brock's younger years living on Percy St. with his Mom, Nana and Papa. I remember attending many of his birthday parties which were always held at the Chateau Laurier and many wonderful parties on Percy St. with all our Aunts and Uncles. Brock and I had more contact when his Mom was ill. Brock spent time with Harold and I when he came to Ottawa to visit family. We enjoyed great conversations and of course his quick wit. Brock had the great fortune of having many true friends which he spoke about fondly, and of course his special family at Gabby's who kept a strict watch over him during his illness. In the last few months he talked about missing his parents. We believe that he is in a better place with them by his side.

Brock, wishing you God's peace, forever in our memory. Penny (cousin) and Harold Spires

“ Brock was a cousin of mine for whom I have always had the upmost respect. In fact, he was the one that everyone put on a pedestal. He has always been a very private and proud person, and he was well-liked by everyone he met. We will surely all miss you.

“ It was the best of times. It was Toronto 1973 and Public Relations for Air Canada at 130 Bloor Street was a blast. Brock you were a very real part of that wonderful memory and of so many more that followed. You will not be forgotten. We will raise more than one glass to you old friend. You were a success!

Cheers

“ Goodbye our good friend. You will not be forgotten. We have great memories of many wonderful times spent together, you, me and Marlene. I will cherish the companionship of a fine travelling companion, great explorations and some extraordinary dining: knuckles and wheat beer in Munich; curry on a marble floor in Singapore; a well vintaged poikey (?) in a Sussex garden; overpoweringly aromatic sausages in Paris. A lifetime of marvellous memories of you. Your pain is over, rest well.

“ To all the Stewart Clan:

Frank and I extend our sincerest condolences. We only knew the very young Brock and then the very handsome man who became the spokesperson for Air Canada. It is a great way to remember him and how proud we were every time he appeared in our living rooms on television.

Love to you all.

“ I have always strived in my life to carry myself with the style, grace and dignity of my older cousin.

He was a strong role model for me growing up in Ottawa. He always had kind things to say to all, greeted everyone with a sincere sense of enjoyment, was tolerant of everyone and loved to share a smile and hug.

My first set to ice skates were formerly his, way too big for me to use effectively, but I did anyway and appreciated the sharing. He was many times the older brother I never had.

We in NC know he is with loved ones in a better place and our thoughts and prayers are with him, his mum and the great memories of their lives with us.
