“ *My Brother, I just can't believe you are gone, it just doesn't seem possible. I am having such a difficult time accepting it, my heart is broken and it hurts so bad.*

I'm so sorry that we couldn't get together as much as I would have liked, but circumstances just got in the way and messed up the timing, and when we tried to arrange to get together, either I had appointments that couldn't be changed or you were not feeling that well that day.

I know that if you could, you would give me one of your old cliches saying... "don't worry about it Brother, Shit happens." But knowing that still doesn't take the pain and sadness that I'm feeling away.

I love you so much, and I'm gonna miss you my Brother, you will live forever in my heart.
