“Nanny, my heart feels empty without you. A short but memorable 4 years with you has left me with memories for a life time. I was blessed to be able to have such a beautiful and angelic woman like yourself. I will miss making jokes with you, beatboxing while you rap to my beat, FaceTiming you, singing all the Christmas carols you can possibly remember...and so much more. Thank you for being another amazing grandmother figure in my life. You have left such a big imprint in my life and in my heart. I will protect what you love always. I love you forever and always a day. Until we meet again. Watch over us angel. Rest peacefully beautiful.

“Nanny, I have never loved one like you and will never love another like you... you filled my life with so much joy, love, and laughter. You were the most consistent thing I have ever had, and appreciate all the love you provided and showed not only me but my boys as well. I will cherish all the moments from Christmas's, to Chinese dinners, to letting me play cards with you and your friends, even all the trips and peanut butter cookies. I will miss the I love you's and phone calls everyday that I no longer get. I love you a bushel and a peck, to the moon and back.
