“ Sending our condolences to you and sharing in your sorrow. I miss my big sister. She was always a part of my life and helped take care of all of us growing up. It was wonderful growing up in our small town and living so close. I took ballet as a girl and Carole and Nana sewed my tutus for dance...I still have one after all these years. She was a beautiful, intelligent, caring, strong and brave woman. We always had fun together. I loved her deeply and she will remain in my heart forever. Please know that you Mark, Troy and Gail and your families are in our thoughts and prayers. Love to all. Auntie Honey & Uncle Murray ❤️
