“ Was greatly saddened to hear of Caroline’s passing and wish to send my sincere condolences to her family. We grew up together in Prescott...went to Boundary Street Public School and South Grenville. After HighSchool we lost track of each other as we went our different ways. Do hope she had a happy life and from what has been written I know she will be very much missed. RIP Caroline!

“ We will be remembering Caroline as a wonderful "sew sew sister" and friend as well as an amazing quilter - she was always quick to share her supplies, her ideas and her knowledge/expertise. For decades we have gathered every week at Jose's on Abbey Dawn Road to sew into the night. Caroline always encouraged us to try and follow the rules but some in our group would take major short cuts (frequently without success!) about which Caroline loved to laugh and tease. As requested we will continue to stitch and sew while sharing memories of Caroline. She was always excited to learn new techniques or she was a regular to quilting education/conferences, she especially loved to get out of town and support local/national/international conferences. She will be missed by the sew sew sisters as well as quilting friends from the Limestone Quilting guild. But even more, she will be missed by her loving family who took such great care of her, becoming full time caregivers and advocating for her over the last three months while she has been in hospital. Caroline had a wonderful relationship with her family, mother, brothers, sisters, nieces, nephews and more recently some great ones! We loved to hear about them at the sew sew sister gatherings. Caroline will be missed by all. Tracy Campton
