“ Our deepest condolences to Cecelia's family and friends for their loss. We lived close by and when we met in the park on summer evenings to run our dogs, Cecelia would often join us, during one of her daily walks, for stories and many laughs. She never complained about her health--always kind and concerned about others. We will miss her.

“ To the Kotlarek family and friends, I am sorry for your loss. Cecelia participated in the exercise classes and yoga classes at SPRINT care for seniors. Cecelia would always come to the classes very perky and always in a good mood. She interacted with the seniors and always made them feel good and laugh. She had a great sense of humor and a great story teller. Cecelia made every effort to come to class even if she wasn't 100%. Cecelia cherished every day and truly enjoyed all the classes, seniors, and our dedicated instructors. Cecelia was an inspiration to all the people at SPRINT and she will definitely be missed.

Sincerely,

“ *My sincere condolence to Cecilia's family for your loss. I was one of her neighbours who lived across the street and saw her with her walker and bright lovely and kind smile when I'd be walking to work, or the grocery store. I was always amazed at how wonderfully kind and positive she was to me and everyone on the street who would stop and talk with her. A true and dear sweet soul who never let her illness take away her good and loving spirit. The neighborhood will be much less now without her.*

Sincerely

“ Dear Louis and the entire Kotlarek family,

I had the pleasure of working with Cecelia for almost 10 years on 13ES. My most fondest memories of Cecelia, include hearing about her amazing trips that she would take each winter. Cecelia had the most contagious laugh and smile. She shared many of her life experiences and always motivated friends and colleagues to be brave and try new and exciting things.

I am deeply sorry for your loss. May you take comfort in knowing that she is heaven watching over you.

Sincerely,

Cristina Vona

“ *To Cecelia's Family*

Cecelia could light up a room with her laughter and fun loving ways. She was intelligent, interesting and always good company.

Many years have passed since we first met as C.N.R. employees and formed a lifelong friendship.

I will always remember the multi noon hour shopping trips, the frequent gab fests and her interest in the goings-on of my family which included her attendance at the weddings of both our son and our daughter.

Ron and I send our deepest sympathy to George, Louis and the Kotlarek family.

“ Dear Louis. Although I have never met you, Cecelia often talked about you. I just wanted to send you my heartfelt condolence. I was very saddened to hear of her passing. I knew she had retired from nursing and left quietly from TGH, but never knew of her illness. I often thought about her, and imagined she was in Florida (a trip I knew she often took around this time). I had the privilege of meeting Cecelia on 13ES, and knew by her strong presence and personality that we would get along just fine. She was a wonderful nurse and we had amazing memories working together. I will always remember her as my colleague, but most of all a friend. The last time I saw Cecelia was her outside the hospital getting into a car after her shift---how I wish I could have given her hug before the car drove away. May the gates of heaven welcome another angel--- one caring individual who has earned her wings.

“ *My lovely Cecelia, I still couldn't believe it that I cannot see your lovely face and hear your warm and friendly voice anymore. However, I really believe being or not being in the world is just an illusion. I still feel you are here, and I don't want to think any other way. I am happy, you are not suffering anymore. You are a great soul, and a great soul never dies. It bring us together again and again. RIP*

“ So sorry to hear of Cecelia's death. She was always one who cared for others and gave of herself so generously. I knew that when Cecelia was on duty the Sisters were in good hands. Her sunny personality added joy to the residents and she never forgot to bring back some souvenirs from her trips to New Orleans. My deepest sympathy Louis, the brother she loved dearly. Will offer Mass for her tomorrow at our Community Mass.
