“ *It was always a treat to visit Chuck & Florence in the big city of Hamilton. He had a great laugh and hugs as big as his smile. As with Florence, you will be missed.*

“ *Chuck came to be my friend when he joined the Bronte Consort recorder group shortly after he moved back from Kelowna. He was a faithful member of our group even though he struggled to remain active with us over the past year. He and I would have our own practice sessions midweek and that is when I really came to appreciate his wry sense of humour. I nicknamed him "The Cat Whisperer" because of the obvious affinity our cat had for Chuck. When Chuck arrived at our house for our weekly recorder practice, the cat would hear his voice and come from nowhere to greet him and then then settle at Chuck's feet and listen to us practice. Cats are excellent judges of character!*

“ *Our Sincerest Condolences to Chuck’s family. I have had the pleasure of knowing Chuck via my long time and continuing friendship with Kevin. He worked hard to build a successful career in a difficult industry to support his family. He was always kind and thoughtful.
Kevin and Pauline, Grant and Chantel, and to all of their family, our thoughts and prayers are with you.*

“ *Please accept my condolences to family and friends. When Mr. Morton served on the Hamilton East Kiwanis Non-Profit Board, I had the pleasure of knowing him as a staff person. He was always so friendly, supportive to staff and committed to his role as a Director. Clearly, he continued to give to his community throughout his life. D. Filice*
