

Cheryl Lee Rosell nee Reinholz

September 13, 2019

Rosell, Cheryl Lee nee Reinholz

May 8, 1946 – September 13, 2019

Born and raised in St. Louis, Missouri, Cheryl graduated from Johns Hopkins School of Nursing. Married to John, who predeceased her April 2, 2018, they and their infant daughter made Toronto their home in 1970. Cheryl impacted health care throughout her distinguished career. At the Heart and Stroke Foundation of Ontario, she led the development of the CPR network in the 1980s. As executive director at the Multiple Organ and Retrieval Exchange (MORE) Program, Cheryl launched an extensive computer program to track organ donation in Ontario. With the Ontario Ministry of Health and Long-Term Care, Cheryl was proud of her contribution to the development of standards in long-term care homes. Survived by her daughter Elizabeth, Cheryl was a devoted wife, mother and friend.

“ *Bethie,
The pictures you have posted of your Mom are so beautiful. What good memories they bring back. I was so proud to be in your parents wedding. I just wish we could have all lived closer. It was so nice that your Grandmother could visit you in Canada. We love you.
Love,
Punkin and Bill
XOXOXOXOXO*
