

## Cindy Louise Collier

October 3, 2024

Cindy Louise Collier (nee Dell)

December 26, 1966 to October 03, 2024

Our Cindy passed on October 03, 2024. A devoted partner to Stephen Carr, Cindy is the cherished daughter of Sheila Richardson (nee Compton) and Alan Dell Sr. (Bettee). Beloved sister to Alan Jr. (Amy) and Aunt Cinny to Grace Theo. Cindy was much loved also by Pam (Ron) and Matthew as well as a large circle of family and friends.

Cindy was an artist, and many of her art projects reflect her love of nature and animals. She found peace in spending time near water and wished she could be laid to rest at her favorite beach in Bowmanville.

Cremation has already taken place and a celebration of life will be planned for a future date.

Please consider supporting your local animal shelter or Canadian Kidney Foundation in memory of Cindy.

“ Cindy, words cannot express the pure loss and devastation that is left in my heart. You were an amazing friend to both me and my little man, Damien .. who I know you loved very much. Our friendship grew throughout the years and the laughter and memories we shared, feels like yesterday. You were, and always will be an amazing friend, who lit up any room you walked in to .. your laughter was infectious and your loyalty and integrity as a friend was genuine. Damien and I were blessed to have you in our lives and I'll cherish those memories always and hold them close to my vest. Your love, kindness and friendship will never be forgotten .. you were one of a kind my friend and I'm going to miss you more than words can say. Rest in Peace my beautiful friend .. Fly High like the Angel that you are and never stop smiling! God Speed! Damien and I love you kiddo .. unti we meet again. Rest Easy! ❤️

“Cindy was the sweetest, most beautiful child. She had an innate ability and desire to make people laugh and to see them happy. One lovely memory that often comes to mind is when she was just tiny and in her nanny Dell’s arms. As the three of us were looking out the window watching kids going to school in the rain, Cindy pointed and said, “umabella, umabella” (meaning, of course, the word “umbrella”). We would all giggle, and seeing that it made us laugh, she would say it again knowing in her young heart it was creating a happy moment for all of us.

*And she grew into a strong, beautiful, and caring woman who did not allow her kind and giving nature to be altered by the pain and unfairness that life handed her. A small example of her wish to bring joy to others was in the greeting cards she sent which were so thoughtfully picked for their beauty or uniqueness. The messages she wrote inside always made you feel special and cared about.*

*Well, Cindy, if it’s how many of us hope it is when we pass – that we’re once again with those we loved and who passed before us – then it’s comforting to think you’re in the arms of your nan and grandad, both of whom you missed very much, and are doing your very best at beating your grandad at Scabble.*

*Thank you, my love, for inspiring us with your strength and endurance, for giving us your love, and for so many wonderful memories that can’t help but bring a smile to our faces.*

*For all these things and many more, we will love you and miss you always.*

“ *Cindy will be greatly missed. Her genuine warmth, sense of humour and love for my brother created a very special place in my heart for her. She never failed to make me laugh and although we didn't see each other often a quick text out of the blue would let us know we were thinking of each other. May you rest peacefully now.*
