She was full of positive energy and had such a love for animals. She gave me countless positive experiences as a child, always bringing me along as one of her own. “ I met Cindy (and David) at St. Phillip's Unionville, when I joined the choir. As I was responsible for finding a new work partner for after school daycare that I did as a job, the choir director actually suggested Cindy, and that is how it all started. We have been friends ever since and that is a long time ago. I can tell so many stories, including Cindy picking me up for work as I had left my bike at the school one day, as I had been followed by some guy in a car the day before. We spotted the same guy again near my residence the next day when she picked me up and Cindy got us to work in a James Bond way, driving in and out of streets, back tracking again, parking behind a large bush and so on, for a good 15 minutes. And saying things like, 'who does he think he is, we will get ride of him. Just wait and see.' Never saw that guy again!
We had the best group of kids we looked after and lots of laughs. Even though I did not get to see Cindy and her family near as much after I married, I know I will see her in heaven when it is my time to go. Miss you girl. You made my live a whole lot better.

“ Meeting Cindy for the first time I will always remember her smile and infectious laugh. Cindy was such a happy positive person and loved her one and only daughter Kate and husband Dave and the added addition 13 years ago to their family my son Brandon. Our families came together and celebrated special occasions with Kate & Brandon and we all became one big family. Cindy loved the few times she also got to go to Bingo with Nana. We loved walking our dogs together when we could and Cindy always being positive and willing to go on hills and through forests on her wheelchair, nothing kept her back from enjoying life. Cindy you will be missed more than I can express and I will always be there for Kate so you can rest in peace.

“ Warm, cheerful, kindhearted, giving; synonymous with Cindy !

I'll always remember all the laughs over tea and cookies. The "help" you would give me on my sewing projects, and letting me tag along on trips to Buffalo before the start of a new school year. Your unparalleled kindness set you apart from anyone I've ever met. You gave whole heartedly and asked for nothing in return. You were like a mother to me and I feel so grateful to have had you in my life.

All my love,

Sammy (Your adopted daughter)

Dearest Cindy...

I will always remember your joyous smile, mischievous laugh, and energetic personality. Your visits to Egypt Church of the Nazarene were always welcomed by all. Your tea parties held for the ladies were always fun.

Rest in Peace. Love lives forever in our hearts.

“ *Cindy was a very special friend for a long time. We met during our early stage of pregnancy and went to doctor appointments together. We just missed sharing a room at the Markham Stouffville Hospital when I gave birth a few days before her. We dressed the girls in the same Christmas dresses and went to the cottage together where the biggest joke was Kate's all night bottle. We camped together and Cindy made Halloween costumes for my girls which looked incredible and she won ribbons for them at the Markham Fair. We shared many good times together and we're truly going to cherish our memories. Xo*
