“ My Condolences to the Young Family

I worked for Clancy in 1990's, when he was our Store Systems IT Manager at Hudson Bay Company. Known for his gregarious nature and personable leadership style , he was well liked by his team . We worked hard, had fun and fulfilled by the accomplishments . He gave us opportunity to grow and develop, and supported us with the recognition along the way. Aside from work , I remembered Clancy often spoke fondly of his Hawaiian vacations which he and Valerie frequented. He enjoyed HBC golf events , and occasional fishing outings. Clancy will be remembered as a one of a kind, people leader, mentor and friend, he will be missed .

*Deepest Sympathy ,
