

## Dale Robin Alcorn

November 15, 2024

May 26, 1956 – November 15, 2024

Dale passed away peacefully in his sleep at Humber River Hospital – Wilson Site after a brief illness. He suffered a brain injury due to lack of oxygen to his brain resulting from a cardiac arrest. He was surrounded by both of his siblings, sister (Darlene) and brother (John) holding his hand as he passed from this life to join with the angels.

Dale leaves behind his sister Darlene (Garry) and her family, his brother John (Pat) and his family. He also leaves behind many other family members that loved him dearly and he dearly loved especially Tami and Cassandra. He was predeceased by his sister Terry, Mom, Dad, David, Josh and his beloved wife Ellen Reid.

Dale's hobbies and interests were many. Starting with his early years as an avid model builder. He painstakingly built model planes and cars and painted them with precision. He proudly displayed them around his home. This also led to his love of watching Formula One racing.

Dale loved camping as a boy scout and later joined the Air Cadets with the hope of one day being a pilot. That never happened because of seizures he suffered as a young child. He was a fun loving prankster and always had a joke to share. He enjoyed the outdoors and particularly golf, he would enter into many tournaments with his golfing buddy – Dad.

He was an avid movie and music buff where he had quite a collection. Dale could easily win any trivia game in those categories

Dale also enjoyed travelling within Canada to Newfoundland with his late wife. They traveled many times together to visit her family.

He was an employee of Rexel Canada Electrical Inc. for over 25 years before retiring in 2021 where he was loved by many co-workers and management alike.

Dale made friends easily where ever he went and it was evident when he entered his final home, the Weston Gardens Retirement Residence. He enjoyed all the outings and special theme night dinners. Staff and residence alike expressed their heartfelt condolences of his passing. He will be missed by them all.

Rest in Peace Dale and golf on with Dad.

“ Dale alcorn known as “poppy” was a grandfather, my grandfather, who had too many words to describe but I’ll share a few. Poppy was compassionate, he always loved. He was wise, he always offered advice. He was understanding, he always listened. He was funny, he always shared stories. He was hard working, he provided for his family. The most important thing poppy was to me was being a grandfather. He was the father figure I needed when life wasn’t fair. He always had time when I called. He supported every event, change and goal i shared with him. I loved him but there is a comfort knowing he is home with my grandmother and other family members. He loved my grandmother Ellen more than life itself. His love for her showed me how a man should love a woman. I love you poppy thank you for guiding me to who I am today. I am a reflection of all that makes you special and I hope to continue to make you proud

“ My older brother Dale and I were only 11 1/2 months apart, we shared many adventures together as kids. What one didn't think of, the other did. When I turned 16, he gave me my first diamond necklace, he knew how special my 16th birthday was and when I turned 18, he gave me a bouquet of flowers. He often thought of others before himself, he was a fun loving and generous man.

“ My brother Dale was 10 years older than me and growing up I viewed him as an adult, we shared a room and we shared so many memories together when I was younger. I remember him getting his first job, getting his license and getting his first car, he was a go getter and what he wanted he achieved. I remember being sad when he decided to move out on his own and thought I would never see him again but he was always there for me and never forget about me. He was there anytime for me or anyone who knew him, he always had such a beautiful loving heart and would do anything for you no matter what, that is the man he was, he loved making people happy and making them laugh and was a joy to be around. I can't say enough to explain how much he was so special to me and those who knew him and how much I will miss him. I've always told him every time we spoke or saw each other that I loved him, and I always will!!! Rest in peace my sweet brother xoxo
