

David Ian Hobden

June 24, 2024

In Loving Memory of my beloved husband David Ian Hobden

David was born and raised in Swindon England. He immigrated to Canada in 2008.

David, 56, passed away peacefully early morning of June 24, 2024 at North York General Hospital, following a courageous year long battle with lung cancer.

Leaving with broken hearts, his wife and best friend of 15 years, Marina, and his stepsons Mike and Alex.

He was predeceased by his mother, Margaret Emily Hobden, his brother Kevin Hobden, sister in-law Beverly Hobden, his niece Emma and nephew Mike.

He will be forever missed by all of us, his lovely smile and outstanding warm personality will be always in our hearts.

David was very kind, intelligent, gentle soul with a biting sense of humour. He loved to watch football and was passionate about music and travel with his wife.

During his illness, David was very fortunate to have support from his wonderful colleagues from the Ministry of Health, Ontario Public Service, a special thank you to his manager Daniel Mohan and his co workers Mike Russell and Justin Omilian.

David was fortunate to have excellent support and medical care from all the staff at North York General.

A special thank you to Dr. Joanne Yu and Dr. Noam Berlin and to Allivia Lowes, psw, whose care and compassion for our whole family made the difficult times more bearable.

At David's request, cremation has taken place and his ashes will be scattering where is Dad's ashes were scattering too to honour his memory. A celebration of David's life will be planned for later this year.

Love's real, not fade away..."
