That say's grieve not for me
Remember the best times,

“ Debbie I can't believe I'm writing this. I will always cherish the times we had and the friendship that survived forty odd years. You never forgetting my birthday phone calls always blew my mind, you always had a beautiful spirit, and I will miss that. I'm glad you're no longer in pain sweetie, but I'm glad we talked not long ago and laughed about you giving me shit for always wanting to play my Scorpians album on your stereo....seems like yesterday ❤️❤️

“ I will miss you, your honesty and your truth , your get to the point sassy attitude, I have so many feel good memories of you. I'm glad that we spoke the Saturday before your passing and how you forgave me for being such an ass. You were more concerned in how I was, rather than your own personal fight, your last words to me and mine to you,

I LOVE YOU
