“ *Very sad to hear of Dennis's passing away. My mother (Mrs. Doreen Strachan) who is his second cousin, used to correspond with him. He was most interested to know about family history, in particular the name of his great-grandfather in India. Recently some connections have been made, via a family descendent in Australia, and the name of Dennis's great-grandfather is Lionel Morris Morrell (b. 1837). It is such a shame that he didn't live to find this out.*

I am told I also met Dennis and his mother Joyce, but I must have been very young, and don't remember. I have seen Dennis's letters to my mother.

Iain Strachan (I believe I am Dennis's second cousin once removed)
