

Dianne Kathleen Baldwin

March 22, 2022

It is with a heavy and broken heart that we announce the passing of our strong and beloved mother, spouse, daughter, sister, auntie and friend, Dianne Baldwin. She fought the hardest battle, beating cancer and later on diagnosed with dementia that ultimately ended her journey with us here on earth. She was a light full of laughter to everyone she knew. She was a mother to more than her own and a friend to all. Dianne will be missed immensely by her friends and family. We all find comfort in knowing she is at peace now and no longer suffering. Dementia is an illness of slow goodbye and we are at peace knowing she is as well.
