“ *It was with great sadness I learned about Don's passing, way before he should of.*

*Don was always there and to many times I called out of the blue to ask a question, and not only did he take the time to answer, but he had the patience to explain it so I had a true understanding of the issue. He was always smiling and it seemed happy to see you. He was a true stateman for the industry and one of the first great environmental advocates.*

*My thoughts and prayers go out to his family as they have lost a truly GREAT man, we all have.*
