“ Mom. Where do I begin. I miss you so much. I can't write this without crying. Everything I have learned in life is from you, from cooking a turkey and making homemade stuffing (your favourite) to being a good Mom, just as you were. I bought your favourite snack today (cheesies). I really dont know I will ever get over you not being here. I probably never will. I talk to you all the time as I look to the brightest star. I know you are watching over us. You will always be in our hearts. Love you always and forever your daughter Crystal and your Granddaughter Madison. Xoxoxo

“ This lady was a friend to many always helping when she could. I remember when my son passed she said she was working on some things about him that only I would know, She was a good listener and good at sorting out things for people and herself. I loved going to her place to talk to her although I was suppose to be working (surveys) I was working she did the surveys and then we talked two hours later I was still there. She loved her kids more than life itself. She helped many many people and she will be truly missed. Rest well my friend I am sure we will meet again. May God hold you in his hands. God bless
