“ Mom, you have always been an inspiration in the way you lived your life and now in the way you passed into the next. I only hope that I can live to be half the woman you were. No words can truly impart, what is deep in my heart, but your always loving, caring nature will be missed by all who knew you.

Missing you so much.

Love ya lots! Roseann

“ It was always a pleasure to see Doris while visiting my father Joe, Threse and Christina. She always greeted us with a friendly smile and a genuine interest in our lives. The world would be a better place if more people shared in her sunny disposition. She will be sadly missed.

“ Mom Bourque (as I called her since she was like a second mom to me) was one of the most loving people I've known. I am honoured to have had her in my life and she will live on in my memories and in my heart. Love always, Barb

“ One of my most treasured memories of Mom was the day she held our daughter Christina for the first time. The look on her face was pure heart felt love. Mom and Dad were both a great influence in Christina life, having that special bond only Grandparents and Grandchildren can have together. I don't know what we would have done without their unconditional love.

You will be in my heart forever Mom, I miss you.

“ I remember visiting uncle Paul and aunt Doris when I was a little girl, maybe 9 or 10 years old in Toronto. I met Johnny who was in bed recovering from some type of surgery. I believe he was my same age.

It was fun meeting everyone and seeing my aunt and uncle. Since we grew up in the United States in Massachusetts, we did not see our relatives from Toronto very often.

It's been a pleasure knowing Doris. I enjoyed the email correspondence we shared.

May all her family be at peace and know that she is now with God in heaven and no longer suffering. She is visiting with my mom, Lorraine, now. I offer my condolences to everyone of the family.

All my love,

P. S. My dad, Oswald Bourque sends his love and condolences and prayers to the family as well.
