“ I was fortunate to have become a friend of Doris' while working at Pleasant Manor. I would go up to her condo and have lunch with her as we talked about everything. I admired her, as a strong person, mom and someone who loved her children. Making blankets to donate to various nursing homes, her collection of vintage thimbles and her Pecios Moments collection. Doris was a joy to know and I am honored to have known her and her family. Deepest condolences to her daughters Brenda and Bonita and their families.

“ Doris was a faithful friend during my days at Vineland Missionary Church. I remember well her smile, care and faithful service. May her family members be comforted by cherished memories and the promises of hope found in Jesus.
