“ Doris was my great aunt. I spent alot of time with her, Anne and Uncle Bobby. Unfortunately due to family circumstances we drifted apart. Aunt Doris was amazing! Anne was fun! Uncle Bobby taught me to draw, and I voraciously read there boxes of comic books!!! I loved when Uncle Bob took me on a tour of the gm/Chevy Scarborough van plant around 1978. I ended up working at Ford Oakville assembly with his co- worker Sal in 1997/98. Miss you all, sad your gone! Godspeed! With love, Grant

“ Doris and I were very good friends for the last 16 years, sharing coffee, a donut, and doing crosswords every day, those were fun times. We went to Ajax Casino once a month for the past several years. Doris loved to play the slot machines. not winning a lot nor losing a lot, just pure enjoyment.

Doris was a gentle soul that enjoyed a laugh at somebody as well as at herself.

Doris I will miss you and our daily 2 or 3 phone calls each day, so please find a phone in heaven and give me a call, I will pay the long-distance charges because you left your purse down here ha, ha.

Yes Doris you were a big part of my life since I lost Irene, now I have lost you.

God knows that you will be an asset in heaven and that is why he called you home.

Missing you, your good friend,  
Gord Hornettday
