

## Dorothy Ficuciello

March 22, 2020

Dorothy Ficuciello (January 29, 1958 - March 22, 2020) With great sadness, we announce the loss of our beloved mother, sister, and friend, Dorothy. After a long battle with cancer, which she fought with such bravery and always a positive attitude, she passed away peacefully at Bridgepoint Healthcare. A life so beautifully lived deserves to be beautifully remembered. She will be very missed by all that had the pleasure of knowing her and is forever in our hearts.

At this time we will not be holding a funeral but will have a celebration of life in the future. In lieu of flowers, please make donations to The Canadian Cancer Society.

“ My condolences to Michelle, Maureen and all the family. Was so sad to learn of Dorothy’s death upon my return from the UK last week. (Still holding the bar of Cadbury’s Whole Nut that she asked me to bring back!) She was so brave and positive through it all - even while at Bridgepoint. Will miss her dreadfully but have wonderful memories from the last 30 years with her and Tony and am happy we could do as much as we did under the circumstances, including the memorable Rolling Stones concert just last summer! Love to you all and please do let me know when a Celebration of Life might be held in the future.

“ Our heartfelt condolences to all of Dorothy's family. She was so incredibly kind and had the most welcoming, warm smile. We loved running into her in the beach and having a quick gab and a few laughs. She will be missed. Sending all our love and light.

“ Heartbroken to lose such a loving auntie ❤️ I'll keep my memories of the fun we had when I was a little girl on your visits to Scotland and ours out to Canada. Thankful to have shared love and laughs right until the very end with you. Hope you are having a wee whisky up in heaven with Uncle Tony, Gran and Grampa. Love you lots xxx

“ I loved it whenever my cool Canadian Auntie Dot came over to Scotland, having such fun messing and joking around with us, and always with the coolest gifts from Canada, Coca Cola and Harry Potter. Spoiled us rotten. You'll be missed by so many. Love Craig
