“ Having worked with Eileen for seven years as her case manager with Madison Community Services, I can say she was a pleasure to work with even in her times of difficulty. We worked well together and we shared some things in common like her love for make up. Eileen loved makeup and clothes and always tried her best to look good despite the little money she had. Eileen was strong and never gave up and persevered even through challenges. Eileen also spoke often of her sisters in B.C, and would let me know when she was visiting them and always share with me how things went and it was all good, I know she appreciated and loved all of her sisters, Peggy, Donna and Carol. I will miss working with Eileen and I will speak for Madison Community Services and say that we will all miss her.

I give my sincerest condolences.

Yours truly,

*Michele Gardner, RSW

“ My deepest condolences to my three cousins, Peggy, Donna, and Carol, on the loss of their beloved sister, Eileen. Although we live at opposite ends of the country, I think about all of you often and have fond memories of spending time at your parent's place when I was a child. Eileen must have had great support from all of you and her church, and, I understand the strength she must have had to endure her battle with mental illness and to deal with having cancer. I am confident that she is no longer suffering and is at peace now. May your memories of Eileen comfort you in this difficult time. My condolences to all your families. RIP, Eileen!
