

Eric Gordon Pierson

February 17, 2023

In his 96th year we say goodbye to Eric G. Pierson. Husband, father, uncle, poppa, great poppa and big poppa.

Eric leaves behind his wife of 75 years, Kathy (Kathleen) and his sons Alan, Ian and their families.

Dad and mum worked tirelessly upon immigrating to Canada. They ultimately left their jobs to pursue their true passion, ballroom dancing, full time. They competed nationally and internationally and then became dance instructors for many decades. This love of dance and music never wavered. We know that dad will be waiting for mum with his dance shoes on so that they can once again glide along the dance floor as one.

Rest in peace, dad. We love you. ♡
