FN

“ I have wonderful memories of working with Erik when I first started at CBC, I had a lot to learn. He was a very generous person, in so many ways, and a great LD.
He certainly loved his job, which was infectious when working on his shoots and always took the time to tell a great story.
My deepest condolences to the family

“ I had the good fortune to work with Erik for only a few years. I fondly remember his good humour and warmth on film remotes we did, in particular with Leonard Cohen in 1979, with Arthur Miller in 1977 and Teresa Stratus in 1981. My condolences to the family for your loss; he will be missed.

“ I just heard the news regarding Erik's passing - my condolences to the entire family. I have fond memories of Erik - I worked with him for a few years when I was managing the Film/EFP department at CBC back in the late 1980's - Erik would always stop in to say hello, with stories of the shoots he had been on, and we'd have many conversations about the business and equipment. If I went out on location he always took time to talk. He was a wonderful person to have in the department, and he contributed a great deal to the CBC, and will be missed.
