“ *To Barb, Peter and your Dad - from my entire family: we loved your brother/son.*

To Erle - love you buddy and miss you very much. You told me a story several years ago. You were a passenger in a car or truck that drove through the front window of C&W Burger on Dundas. You casually stuck your head out the passenger side window and ordered two cheese burgers and two fries to go.

I miss you my friend and I'll keep a spot for you at the campfire.

To everyone else - call me if you have time: cell 905-875-6657.

“ Erle was a good friend and truly a member of our family. He made a mean soup, loved pizza and a good thriller movie. One day he came home with a new muffler on his truck and when he started it, it sounded like a motorcycle. He loved that because motorcycles were his thing. He owned a Harley Davidson 1200. He was a mans man and will be missed . One thing is for sure. We know where he is and that we will see him again.

“ Erle was a great friend to me. He was like a brother. A very good guy. He was always good for a laugh. He used to go archery shooting with my son and I. I have been trying to contact him and was very sad to learn of his passing. We had some good times together. At work and away from work. I am very sad to know he has passed. I will miss him dearly. Both my daughter and son really liked Erle as well. They were sad to know of his passing.

I would like to express my condolences and deepest sympathy to Earl's family. I was hoping to see Earl again at our high school re union as I haven't seen him since the good old days but it wasn't meant to be. Save me a piece of the road in heaven and we will have to go for a ride later. Farewell for now my brother. Until we meet again.
