“ Frank, I was so saddened to hear of your passing. The neighbourhood has lost an incredibly special person. You had such an infectious laugh, smile and a genuine love for people! Thank you. It was a real pleasure to know you.

“ Frank, you were a fantastic person. I only lived in the area for 3 years and the past 2 years I knew you, you were a great person you knew how to put a smile on someone's face when they were upset. I remember everytime I came into the country store or the store you always told jokes that always made me laugh especially when you talked the donald duck voice, and always asked wheres my coffee, I would always laugh no matter what. I am still shock that you have passed away, everytime I seen you, you always were happy and had a smile on your face no matter what do it was, I never seen you in a bad mood. Frank I would like to thank you for making the past two years of knowing you the best for all the things you did... you will be truly missed but never forgotten by many people. You and your family will always be in my prayers.##imported-begin##Lindsay MacAdam##imported-end##

“ *The area will no longer be the same, Frank you are dearly missed, what an impact you had on everyone! 6AM bumping into Frank at Four Seasons, so much awake and alive, jokes galore at 6AM. He brought smiles to everyone, very smart, and witty. The Donald Duck voice was much loved by my son, and Santa at Christmas was in his proudest moment with all the area children. To give of yourself Frank was a blessing to ALL!!!*

*You are sadly missed by all, thanks for touching our lives!*

*Forever in our thoughts,*

“ *Frank, although I often rolled my eyeballs at some of the things that came out of your mouth.... we truly had some fun times together! From neighbourhood Christmas parties at Country Style to yard sales to scratch tickets - no matter what your issues were on any given day, no matter whether you were ill or angry, you always wore a smile as you rounded that corner and saw all your friends and neighbours at the coffe shop picnic tables. You will be remembered as the neighbourhood flirt (never prejudice of race, gender or age when it came to flirting!!!), always looking for a laugh and ever bragging of your kids and grandkids. We all miss you dearly and as per your wishes, everytime we think of you we will smile and fondly remember the laughs you shared with us. Your legacy will live on forever! Thanks for embracing me into your life and sharing your family with me.*

*xoxo*

“ this is a few words to you my friend,i was in shock when i heard of your passing today. at the moment of hearing that i thought i had just lost a part of myself,you were the kindest person to people and children i know. i only wish i knew you longer than i did. you always had a joke to tell or a smile on your face.i know your in a better place now,as the saying goes.but i wish you were still here trying to bug me,with trying to make me mad, with you putting your arm around colleens shoulder and looking at me and laughing. it never worked but made me laugh a lot, i think if ever there was a purpose for some one to come into peoples lifes and make them forget there problems for a while and smile,then that person was you frank.christmas will always be a special memory for me,you and your wife took the time to share it with all the children in the area.i will always remember how you used to do the voice of donald duck for my grandson,marcus.and the laugh it brought to him.thank you for being a small part in a lot of peoples life. so long for now my friend.you will be sadly missed by many,many people,but at the same time you will always bring a smile to there faces to. good bye my friend.##imported-begin##jay taylor##imported-end##
