“ I remember a special day that we shared as a blended family. We went to see *Mama Mia part 2!* Frieda was with us at her most lucid state. We all felt the special joy of that moment in time we could all be together! I will never forget her sweet lovable face! I'm so fortunate to have known her! She will be with her dear husband Gord now. Rest easy lovely lady! Willie Van Roessel 🥰

“ Some of the most memorable moments in our lives occur when we encounter someone who simply exudes happiness and joy. Frieda was one of those people. Her quick smile and happy disposition will be something I will always remember about her.

“ So many wonderful memories of Mrs Pelz. It was her constantly smiling face that is remembered the most. She greeted us as we arrived at church. She greeted me at the door when visiting with Mark. That is the memory that will be a tribute, to her, in the life I lead going forward.

*Loving Mrs Pelz,
