“ George always loved his garden and wold come t the gate to say Hi when we were passing by his jovial laugh could be hard from our back yard. We will miss that and him.

“ My best memories with Uncle George is having a beer in the backyard and barbecuing. It put a smile on both of our faces, we both loved that. I would watch him BBQ at his place and he would watch me at my place... Those were moments I will never forget. Rest In Peace Uncle George.
