“ Scottish cousin of George from Dundee. Saddened to see this and wish we could have seen him but never had any information for him even when one of my sisters came to Canada. She tried exploring the phone book but no luck. We remember him well though in the old days with our Grandparents.

“ Did George come from Dundee Scotland? If yes he was our Cousin and when he was a young lad he would come to our Mum's and make tablet. Visit home to our Grandparents gold wedding party. Whole family there.
