Tribute Wall

“ *Dad it is almost a year from your loss and I miss you so much every day. I can hear advice you have given me over the years. Live is just not the same without you. Love you dad.*

A poem:

*The Moment that you Left Me
The moment that you left me
My heart split in two
One side filled with memories
The other side died with you.
I often lay awake at night
When the world is fast asleep
I take a walk down memorylane
With tears upon my cheek.
Remembering you is easy
I do it everyday
But missing you is a heartache
That never goes away.
I hold you tightly within my heart
And there you will remain
As my life goes on without you
But will never be the same.

I only met George a handful of times, he was a kind, caring, intelligent man with lots of love in his heart to give.

“ *It was always a pleasure to attend an event when George was there because he had such great humour and a great outlook on life. We will surely miss him and his hearty laugh.*

“ *We enjoyed George's company mostly at the race track, celebrating his birthday, and at barbecues held by his daughter. For many years when I had no bed, I slept on the bed he had built for Phyllis. George gave us great advice about many topics and we will miss his hearty laughter*

“ *Ways to remember my dad.*

Other items that we are doing today are planting the small rose bush to symbolize my dad's loving and caring he gave us. The yellow plant is for the brightness he brought into our lives.
